Build Techno Future with Skills

Online Tech Programs for Students

I-TECH

IANT®©

I-Tech is a 100% Online

IT Skills Training Platform powered by IANT

I-Tech is a 100% Online IT Skills Training platform powered by IANT – One of the World's Leading IT Training & Certification Company, having affiliations with Global IT Certifications - Red Hat, CompTIA, Star Certification, Microsoft & Cisco.

IANT is the World's No.1 Partner of Red Hat, No.1 APAC Training Partner of CompTIA and the One and Only Platinum Partner of Star Certification in India.

The Formal Education in India still constitutes of traditional model or the brick-and-mortar classes. Students have to attend schools and colleges to complete their education. While the conventional model is the commonly accepted mode of formal education across the world, the Education Fraternity is opening up to Online Education or E-learning as it is also referred otherwise. Everything is going online. And, so is Education.

Since the COVID-19 Pandemic has disrupted the normal lifestyle of people across the globe, the Virtual World has come to the rescue. Amongst many Institutions Schools have also shifted their base to Virtual Platforms to conduct classes online. Consequently, catering to the needs of all stages of Education from Pre-primary to University level, Online education has emerged as an alternative to Class room Training.

Build Techno Future with Skills

National Education Policy 2020:
Key Highlights of NEP 2020

- Curriculum and Pedagogy in Schools: Learning should be Holistic, Integrated, Enjoyable, and Engaging.

- Ensuring Universal Access to Education to All.

- Foundational Literacy and Numeracy: An Urgent & Necessary Prerequisite to Learning.

- Internationalization.

- Reimagining Vocational Education.

- Curricular Integration of Essential Subjects, Skills, and Capacities.

How I-Tech is in Sync with NEP2020

- I-Tech curriculum aligned with CBSE/State Board & International Board.

- 360 Degree skilling – Computer Fundamentals, Self-Enrichment Modules, Cyber Security, Robotics, AI, Hardware, Networking, Software Programming, Science Edge, Math Fusion.

- Clear focus on 21st century skill sets - Problem Solving, Creative Thinking, Collaboration, Criitical Thinking.

- Peer group learning with minimum batch size of 10-12 students.

- Training from Subject Expert Faculty.

- Affordable Fee making Learning accessible to all.

Build Techno Future with Skills

I-TECH-JUNIOR
CLASS 6 & 7

Standard: 6th- 12th • Duration: 6 Months

Sessions: Weekly 3 days (MWF, TTS)

Session Duration: 1 Hour

Syllabus

- Mind Map
- Fundamentals of IT
- Fundamentals of Cyber Security
- Fundamentals of Web Publishing Technologies (HTML)
- Python

- Fundamentals of Artificial Intelligence
- Coding
- Math Fusion
- Science Edge
- Quick Glance - Robotics
- Self Enrichment

Learning Outcome

- Create Animation Using Coding
- Setup Wireless Network
- Secure Mobile & Desktop Devices
- Write Programs in Python & HTML
- Develop Mental Math

Topics: Mind Map • Fundamentals of IT • Fundamentals of Cyber Security • Fundamentals of Web Publishing Technologies (HTML)
*• Python • Fundamentals of Artificial Intelligence • Coding • Math Fusion • Science Edge • Quick Glance - Robotics • Self Enrichment*

i-tech
Build Techno Future with Skills

I-TECH-SENIOR
CLASS 8 & 9

Standard: 6th - 12th • Duration: 8 Months
Sessions: Weekly 3 days (MWF, TTS)
Session Duration: 1 Hour

Syllabus

Mind Map	**Fundamentals of Artificial Intelligence**
Fundamentals of IT	**Coding**
Fundamentals of Cyber Security	**Math Fusion**
Fundamentals of Web Publishing Technologies (HTML)	**Science Edge**
	Quick Glance - Robotics
Python	**Self Enrichment**

Learning Outcome

- Create Animation Using Coding
- Setup Wireless Network
- Secure Mobile & Desktop devices
- Write Programs in Python & HTML
- Differentiate Robotics & Automation

Build Techno Future with Skills

I-TECH-EXPERT
CLASS 10-12

Standard: 6th - 12th • Duration: 10 Months
Sessions: Weekly 3 days (MWF, TTS)
Session Duration: 1 Hour

Syllabus

Mind Map	Quick Glance - Robotics
Fundamentals of IT	Fundamentals of Artificial Intelligence
Fundamentals of Cyber Security	Python
Fundamentals of Web Publishing Technologies (HTML & CSS)	Self Enrichment
Fundamentals of Cloud Computing	Coding

Learning Outcome

• Create Animation using Coding
• Secure Wireless Network
• Secure Mobile & Desktop devices
• Work on AI Tools
• Work with Virtual PC on Cloud

About IANT

Established by Dr. R. Kherani in 1999, IANT has been involved in IT Training Certification space. With a strong network of 110+ brick-andmortar training centers across India, IANT has trained more than 1 million+ students, who have gone onto join IT Giants – Wipro, Red Hat, Cisco, TCS, Infosys and so on, in their close to two decades of existence. In the IT Certification ecosystem, IANT has been among the few companies in the world to focus their energies on Global IT Certification, resulting in them becoming the No.1 IT Training Certification Partner of CompTIA, RedHat and Star Certification. Their valuable affiliations with Microsoft and Cisco make it a success story to revel. Their strength is clearly in the Hardware Networking Domain (Offered by CompTIA), Open-Source Linux (Offered by RedHat) and Software, Cyber Security and Disruptive Technology Courses (Offered by Star Certification). IANT has also moved into IT Job domain by creating an Exclusive IT Job Portal: www.allitjob.com, strengthening the placement support process for their students as well as offering the best of IT Talents to the ever-growing IT Industry needs.
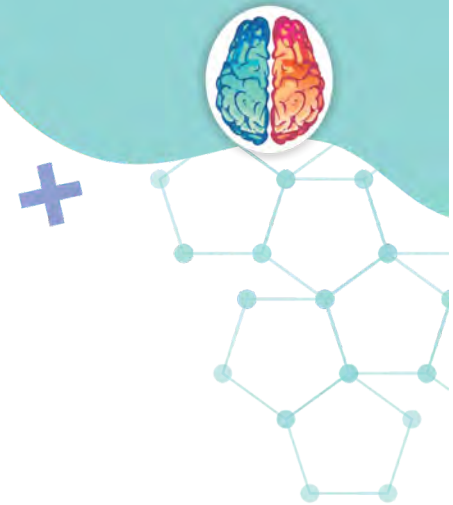

Mind Map

Let Learning & Thinking be fun!

Mind Map is a Visual Tool to represent Key Concepts and Related Ideas!

Using Mind Map you will be able to:

• Ignite Creativity
• Improve Concentration
• Organize Thoughts
• Improve Memory & Retention
• Communicate Effectively

Workshop on Mind Map
